

Dear OT families,

April 16, 2020

We wanted to send a quick note to touch base with how things are going at home. We miss all of our students and can't wait for the time that we can all get back together! These are certainly crazy times and we hope that through all of this we can find something good/positive to reflect on as we look back through all the chaos.

We know suddenly being thrust into homeschooling your child can be quite a daunting task. Please know that we and the entire school staff are willing to help in any way we can. Let us know if you need supplies, therapeutic equipment, ideas, teaching tools/ tips, anything that will help your child get their needs met and that will allow your child to access the school work that is coming home. There will be lots of OT resources coming soon to the main district website under the Occupational Therapy heading. Hoping to get this up by mid to late next week. So be on the lookout!

We are available through email at tpalmer@asd5.org , lizsimmons@asd5.org, and rbromberg@asd5.org, if you any have questions related to your child's therapeutic needs or if even if you have other question related to the school closure, feel free to contact us.

We look forward to hearing from you and your child.

Tina Palmer, OTR/L
Occupational Therapist
tpalmer@asd5.org

Liz Simmons, COTA/L
OT Assistant
lizsimmons@asd5.org

Rachel Bromberg, OTR/L
Occupational Therapist
