

LOCKER SEARCHES

Students may be assigned lockers for storing and securing their books, school supplies, and personal effects. Lockers, desks, and storage areas are the property of the school district. No right, nor expectation of privacy exists for any student as to the use of any locker issued or assigned to a student by the school.

No student may use a locker, desk, or storage area as a depository for any substance or object which is prohibited by law or school rules or which poses a threat to the health, safety or welfare of the occupants of the school building or the building itself.

Any student's locker, desk, or other storage area shall be subject to search if reasonable grounds exist to suspect that the search will yield evidence of the student's violation of the law or school rules. Any search of an individual student's locker shall be conducted according to board policy governing personal searches.

All student lockers may be searched at any time without prior notice and without reasonable suspicion that the search will yield evidence of any particular student's violation of the law or school rules. If the school official conducting such a search develops a reasonable suspicion that any container inside the locker, including but not limited to a purse, backpack, gym bag, or an article of clothing, contains evidence of a student's violation of the law or school rules, the container may be searched according to board policy governing personal searches.

The superintendent shall establish procedures for conducting searches of lockers, desks, or storage areas.

Locker Searches

Lockers, desks, and storage areas are the property of the school district. When assigned a locker, desk, or storage area, a student shall be responsible for its proper care. A student may be subject to a fine for any willful damage to school property. Students are encouraged to keep their assigned lockers closed and locked.

A student's locker desk or storage area may be searched by district staff if reasonable grounds exist to suspect that evidence of a violation of the law or school rules will be uncovered. School staff shall report a student's suspicious activity to the principal prior to initiating a search, except in emergency situations when the risk of harm to students or staff demands immediate action.

Building principals should refer to procedures for conducting searches of students and their property (3231P) for guidance in establishing whether a search is reasonable under the circumstances.

Principals may search all lockers, desks, or storage areas without prior notice given to students and without reasonable suspicion that the search will yield evidence of any particular student's violation of the law or school rules.

Administrative inspections, or health and welfare inspections, may be conducted at any time for the purpose of locating misplaced library books, textbooks, or other school property or to ensure that all lockers, desks, or storage areas are being kept clean and free from potential health or safety hazards.

Periodic inspections of lockers will reinforce the district's ownership of lockers and the minimal expectation of privacy students have in the contents of their lockers.

During a search of all student lockers, if the school official conducting the search discovers any container within the locker, which may conceal contraband, the container may be searched according to district procedures governing searches of students and their property. A "container" for the purpose of this policy may include, but is not limited to: an article of clothing, a handbag, purse, backpack, gym bag, or any other item in which contraband material may be concealed.
